MADISON METROPOLITAN
SCHOOL DISTRICT

Lake View Elementary School prides itself in being a school where students are at central focus in its efforts to improve. This becomes evident in a variety of ways. For example:

- All staff providing rigorous learning experiences based upon the Common Core State Standards while supporting the needs of individual students
- Providing regular access to the school forest, garden, and outdoor classroom.
- * We will work with the idea of Collectivism that we are all responsible for the accelerated progress of ALL students
- Developing student leadership through service learning opportunities for eighty grade 3-5 senators.
- Creating a positive, friendly learning community that is focus on partnerships with families and community that is dedicated to excellence.

School Principal:
Nkai Nou Vang-Vue

Equity Vision

We believe all families want the best for their children and all students can learn regardless of their situation and we see greatness in who they will become. We want to facilitate access to high-quality education in order to create lifelong learners so that students will have opportunities in the future.

Strengths

Our committed staff provide caring interactions and quality instruction to our students each day. Our students bring their backgrounds and strengths to their learning. Our school community partners with our work to serve our children. We are embarking on the journey of becoming a community school and look forward to decreasing the opportunity gap for our students and families in this work.

Progress

We continue to focus on a comprehensive plan to support our students to meet their growth targets and accelerate achievement. We have been successful in increasing the number of students meeting those targets and will continue to target our support and focus on CCSS utilizing GLAD strategies to ensure these numbers will continue to grow.

Area for Growth

Many of our goals from last year continue into the coming school year. We will increase our focus on Common Core State Standards based instruction and continue targeted approaches to increasing our student attendance rates.

Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.

Lake View Elementary
